

### **DETAILED ACTION**

This office action is in response to the communication filed on 04/12/2010.

Claims 1-20 are pending.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Gillick on 06/14/2010.

The claims have been amended as follows:

13. (Currently amended)

On lines 1-2, delete "A program storage device including instructions for remotely configuring at least one mobile device comprising:" and add "A non-transitory program storage device including instructions for remotely configuring at least one mobile device, the instructions comprising:"

14. (Currently amended)

On line 1, delete "The program storage device" and add "The non-transitory program storage device"

15. (Currently amended)

On line 1, delete “The program storage device” and add “The non-transitory program storage device”

16. (Currently amended)

On line 1, delete “The program storage device” and add “The non-transitory program storage device”

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

Claims 1-20 are allowed. The prior art of record does not teach the claimed invention, as follows.

For independent claim 1, the prior art does not teach retrieving, from an application resources database, an application resource to be deployed to the mobile device using a generated resource identifier (ID), comprising: traversing a hierarchical class architecture corresponding to the particular application to identify a computing entity class having a device ID field value that matches the device ID received in the synchronization request; mapping the device ID field value of the computing entity class to a resource type class having a device ID field value that matches the computing entity class device ID field value; returning a resource type ID stored in a resource type ID field of the resource type class; and generating the resource ID from the returned resource type ID, the associated device profile and the associated

Art Unit: 2452

configuration parameter, and initiating a process to configure the mobile device using the retrieved application resource.

Independent claims 8, 13 and 20 are allowed for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure is included in form PTO 892.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hieu T. Hoang whose telephone number is 571-270-1253. The examiner can normally be reached on Monday-Thursday, 8 a.m.-5 p.m., EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thu Nguyen can be reached on 571-272-6967. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
